SSE/POWER BANDRA

WESTERN RAILWAY BANDRA EAST

Subject: **Ai Smart Energy Saving Device Report**

Respected Sir,

I, DEVENDRA UMESH CHAVAN, POST GRADUATE in Data Science. Working on an Artificial Intelligence Smart Energy Saving Device for Indian Railways.

I have demonstrated smart Device on a single Fan at Bandra Railway Station on Platform No 1 for 1 month. Device Automatically Switch OFF the Fan if not in use.

Installed device on 15 October 2023 to 14 November 2023

POWER SAVING Report for 1 Month (60 watt fan)

Total Power Consumed

	Ordinary Fan	Fan with (SMART DEVICE)
WATT	34,200	13,160
UNITS	34.2	13.2

Total Energy SAVED

WATT	21,040
UNITS	21

Total Electricity **Saved 21 units** in 1 month **(61.5 %)** as compare to other Fan total electricity consumption without Smart Device Installed

Scanned with OKEN Scanner

Power Saving Cost Calculation

Unit Rate	Units Saved	Monthly Saving	Yearly Saving
8.1 ₹	21	170 ₹	2041 ₹

Return on Investment (ROI)

Product Cost (Approx)	2000 ₹	2500 ₹	3000 ₹
Year	1	1.3	1.6

Thank You

Yours Sincerely

Devendra Chavan
